

CRM Assessment Training Course

Preamble

Assessment of CRM skills is the process of observing, recording, interpreting and debriefing crews and crew member's performance using an accepted methodology in the context of the overall performance.

Development of CRM skills is becoming more and important and focus on this course is Assessment of Non-technical skills and the coherence of Knowledge, Skills, and Attitude (KSA) in the operational environment.

Compliance

EASA Part ORO.FC.115

- AMC1 ORO.FC.115(h)
- GM6 ORO.FC.115

Who should attend this course?

This training target Flight Crew Flight Instructors and CRM trainers who assess CRM skills in the operational environment. It could also be beneficial for instructors incorporating CRM elements into other training, such as flight instructor and simulator instructors.

Prerequisites

Delegates should have attended Initial CRM Train-the-Trainer Training or have an FI, SFI or MCCI approval.

Objective

Aeroteam Training Solutions provides a new and innovative CRM training program for assessing CRM and Non-technical skills. The course will introduce our Innovative Classroom CRM training tool, MAYDAY. This training tool makes it possible to assess and evaluate non-technical skills in the non-operational

environment and provides an excellent basis for constructive feedback on crew performance.

Course Content

The course covers the following topics:

- EASA CRM Regulatory requirements for CRM training and assessment
- CRM Principles
- The Learning environment
- Assessment of CRM skills
- Threat and Error Management
- NOTECs Evaluation and background
- Practical exercises and assessment of CRM Skills in the non-operational environment.
- Introduction to MAYDAY CRM Training Tool
