# IATA COMPETENCY-BASED TRAINING & ASSESSMENT DANGEROUS GOODS

## WHAT'S IN IT FOR YOU?

Safe transport of Dangerous Goods is important for the whole aviation community. Depending on job function, you must always be able to recognise, classify, and handle potentially dangerous goods hidden in cargo or among passengers according to procedures.

Our Dangerous Goods training incorporates Competency-Based Training and Assessment to train various job functions to handle dangerous goods. This approach ensures that personnel are competent in functions relating to the safe transport of dangerous goods by air.

## COURSE CONTENT

Our training revolves around:

- General familiarisation training
- Function specific training
- Safety training (hazards, handling & emergency procedures)

The following themes are covered depending on job function:

- Understanding the basics of DGR
- Classifying DGR
- Preparing for shipment & transporting goods
- Processing & accepting cargo, incl. pre-loading
- Accepting passenger & crew baggage
- Collecting safety data
- Lithium batteries
- In-flight emergency procedures

*You receive a certificate upon completion. Competencies are assessed by the Danish CAA.*

## COMPLIANCE

The training, which has been approved by the Danish Civil Aviation and Railway Authorities (DCARA), complies with IATA Dangerous Goods Regulation Ed. 63, Ch. 1.5 as well as Appendix H CBTA ICAO doc. 9284, Ch. 4. Furthermore, it complies with the Dangerous Goods Training DK National Order no. 763 of July 11th, 2008.

*The course complies with both initial & recurrent requirements.*

## TARGET GROUPS

Dangerous Goods training is required for all air transport operators regardless of an approval to transport dangerous goods as cargo.

We offer training for the following job functions:

- Flight crew members
- Cabin crew members
- Flight Operations Officers & dispatchers
- Security screeners
- Airport passenger handling staff
- Aircraft load planners
